- **CAYM** is a nationally recognized expert in shaping and leading Christ-centered mentorship programs. Our team has decades of experience in training and guiding mentoring programs. **CAYM** has trained Christians in 47 states and in four other continents.

Why CAYM's SILVER Certification?

CAYM's Silver Certification is our next level of engagement designed for nonprofits and multi-church mentoring efforts. If you are in a ministry that is looking to start or upgrade your mentoring program, this certification will help you engage with your community to determine the optimal ministry design and strategy. We will train and coach your team in practices that help you reach your desired outcomes.

Encompassing: We will work with you onsite and online to gain a deeper understanding of your community's strengths, needs and aspirations. From there we will help you design the ministry and develop a strategy to achieve your goals.

1 ASSESS YOUR COMMUNITY

CAYM will work with you to assess the strengths, needs and aspirations of your community in order to design the program and develop a strategic plan. This process promotes your ministry in order to build community support, engage churches, and establish community partners.

2 ENGAGE YOUR LEADERS

Leaders start by praying then listening to the community to understand their strengths, desires, and needs. Through this you develop a strategic plan and build your team around that ministry design.

3 BUILD YOUR TEAM

CAYM trains your team on mentoring basics starting with a Biblical basis and logic model through an overview of best practices that ensure a safe, effective, and sustainable ministry.

4 TRAIN YOUR TRAINERS

We train your trainers to prepare mentors to build life transforming relationships. **CAYM's** mentor training template enables you to adapt the curriculum to meet the needs of your community.

5 START YOUR MINISTRY

From recruiting to kickoff, we walk you through the process and train team members in specific tasks. Once initiated, **CAYM** continues coaching sessions to help you implement your plan.

“CAYM helped us bridge the gap between generations. With their practical, up-to-date, and biblical training, our mentors are confident and competent to serve youths from all walks of life. CAYM also helped us design a program suitable to our ministry’s needs and goals. Today many of the youths who had a mentor went on to graduate from college, got married and started families and are model citizens in their community.

“CAYM was critical in the launching of a solid foundation for our mentorship program. Not only did they supply us with the nuts and bolts of an effective, research-based mentoring program, they helped us navigate how to make this program fit the very unique population that we serve.
